
Start your career in an innovative biotechnology company with exciting products and services in the fields of gene expression analysis and biocomputing.
For our office in Hennigsdorf, located just 30 minutes from Berlin city center, we are currently looking for a

Student (f/m) to support us in **online marketing and communications**.

Your Job at OakLabs

You will support our marketing team of currently 3 people in all tasks which come up in terms of online marketing and communications: Writing and proof-reading of texts for our websites, creating ideas and concepts for flyers, videos and other marketing materials, SEO improvements, social media (LinkedIn, Twitter, Facebook), newsletters and much more. Depending on your strengths it is also possible to cover some areas independently after gaining some experience.

Your Skills and Expertise

- You are successfully studying economics, media, communications or a comparable field and are looking for a position to practice your skills on the job.
- You are creative, like working with others and are eager to learn new things .
- You are good with words as well as with analytical thinking and can work independently.
- You are fluent in English and German.

What we Offer

- The possibility to gain experience in many different fields of the marketing mix
- A great team which is looking forward to working with you
- An interesting field of work
- Flexible working hours
- A highly ergonomic working environment and fresh fruits

How to Apply

Please send your application by email to career@oak-labs.com including your possible starting date, salary expectations and the number of hours you would like to work per month. We will get back to you as soon as possible!
